

# Taqweem e Pakistan

Violence free, Socially Connected & Economically advance Pakistan

## Our Approachers:

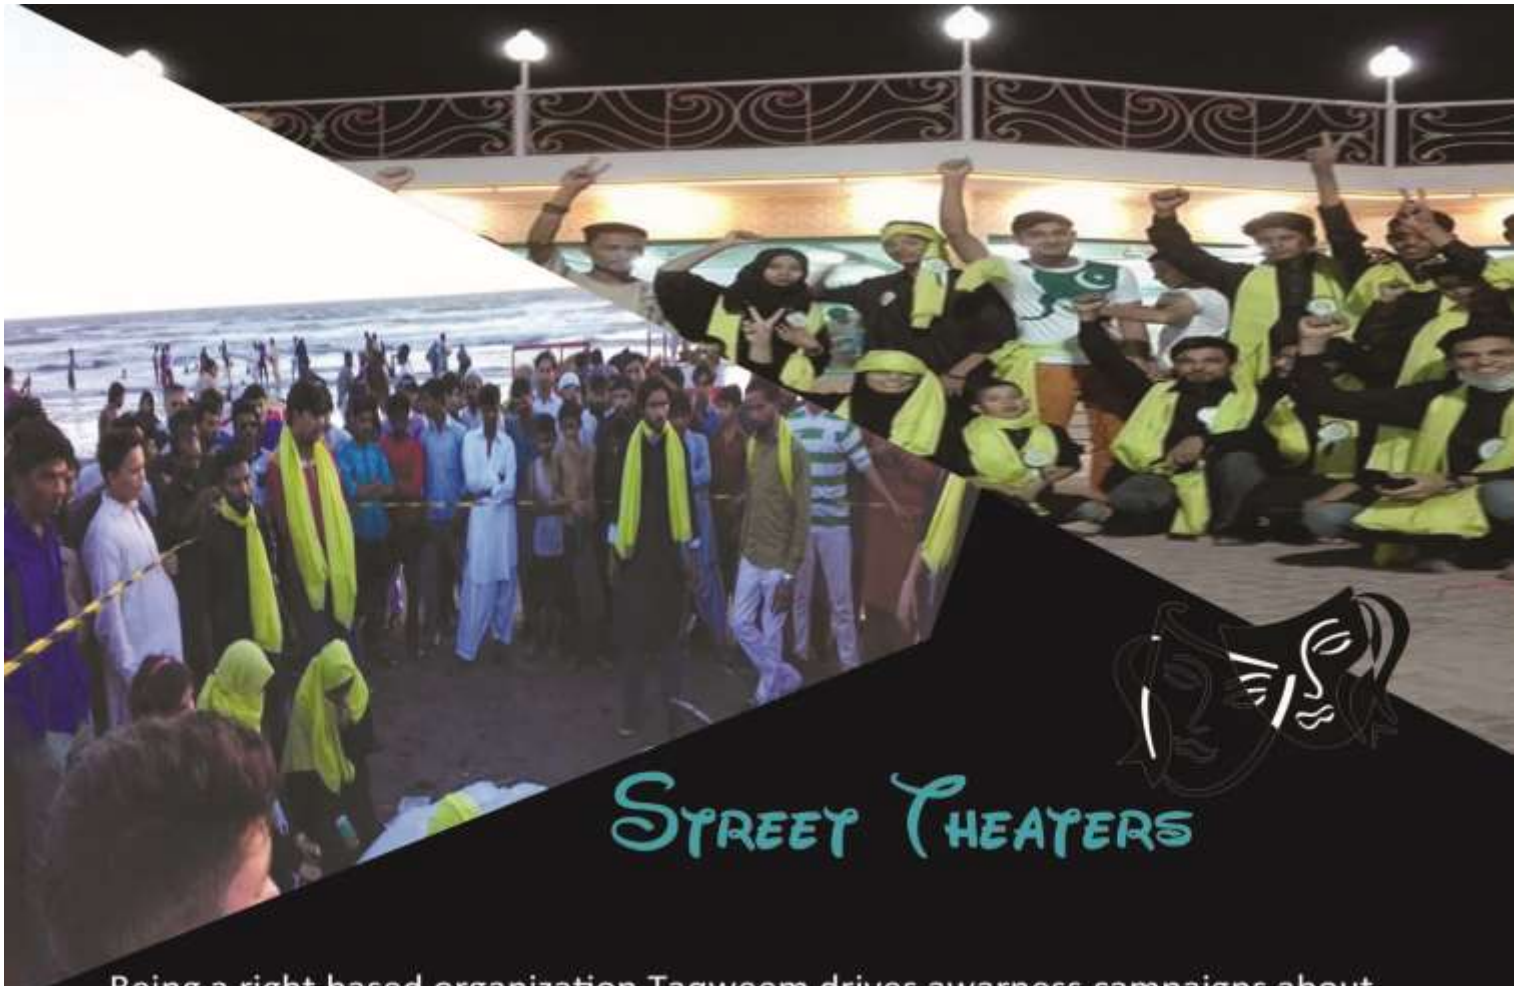

● We Engage

● We Inspire

● We Empower

*Our Mission is to Practice alternate of violence at every level of Society, Strengthen ties between communities of highly religious & ethnics tensions, Reduce distances between legislators, law enforcement agencies and Youth and Enhance capacity of young people so they enable to bring their voice and skills in productive use*

## STREET THEATERS

Being a right based organization Taqweem drives awareness campaigns about people rights but we don't only aware communities about their rights, by discussing their responsibilities we also introduce ways to take collaborative actions to achieve their rights. After 18th amendment when our founding members arranged a workshop in public school for community, area influential of a renowned political organization restrict that govt. School to not allow us for conducting any activity in school, we faced this limitation in late 2013, at that time Taqweem doesn't have any physical space or resources to drive awareness and volunteer registration campaign so we initiated an activity that cost 0 charges on a place that are available on zero charges, Taqweem grew on streets, from 2013 to till date. Taqweem conducted several street theaters on rights of trans-genders, countering violence extremism, against conocarpas (plant), Child Abuse and women harrasment.

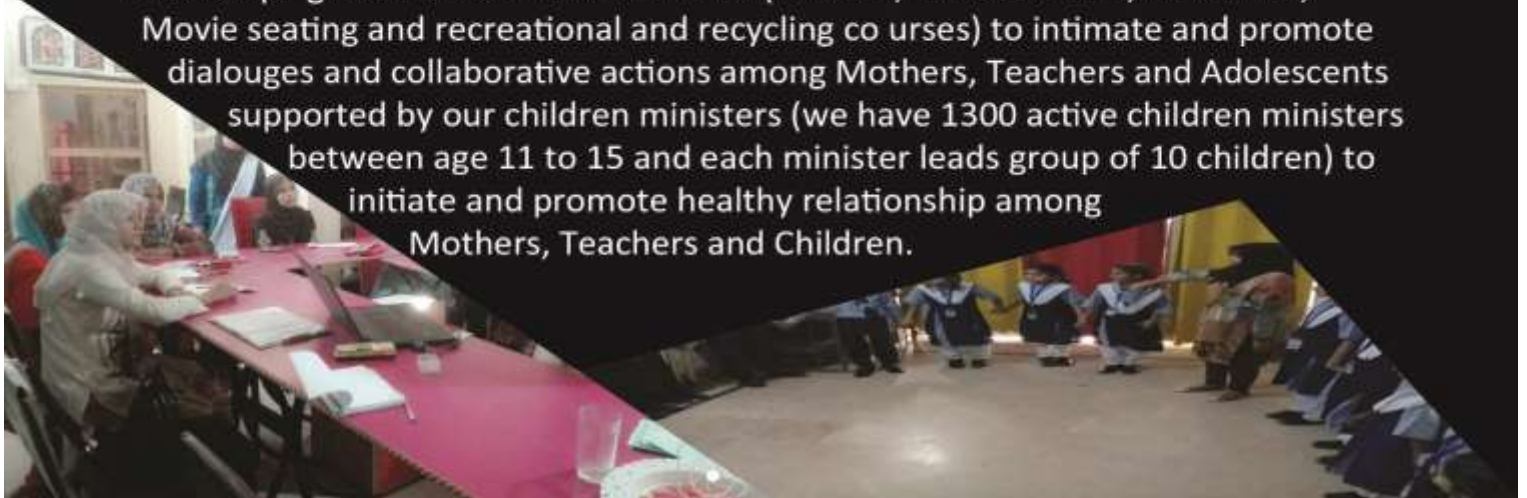

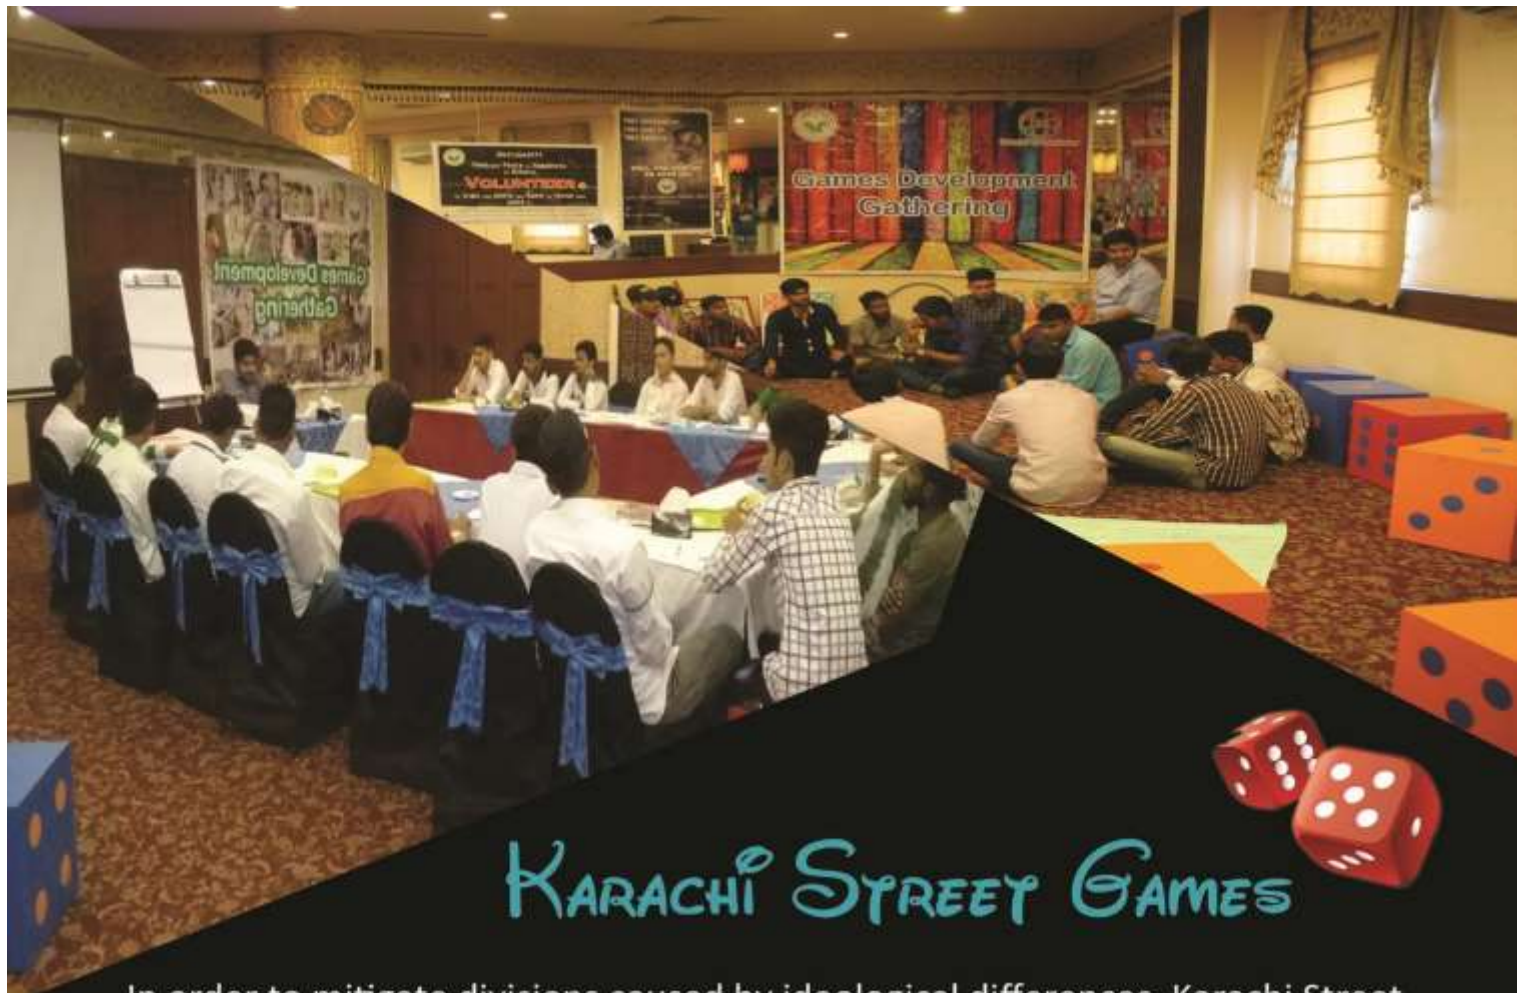

## SITRON SE AAGY

Human brain continues to develop and change throughout life, but early ages of life offers a unique opportunity to raise genius brains and beneficial behaviours in our society, Sitron Se Aagy is a campaign to support early ages of human development from fetus to age of 15. In this campaign our partners are mothers and schools, we engaged expected mothers and mother in a series of sessions and activity that assist them to strengthen neurons and synapses development, reduce toxic acid and rooted positive interaction skills, non-violent and problem solving behaviours in their children.

40 partners schools are engaged in Teachers training program for interactive and student centered teaching methodologies, E-learning, identify and facilitates different personality types, class environment and behavioural changing methodologies.

This campaign contain series of activities (Theater, Celebrations, Cleanness, Movie seating and recreational and recycling co urses) to intimate and promote dialouges and collaborative actions among Mothers, Teachers and Adolescents supported by our children ministers (we have 1300 active children ministers between age 11 to 15 and each minister leads group of 10 children) to initiate and promote healthy relationship among Mothers, Teachers and Children.

## KARACHI STREET GAMES

In order to mitigate divisions caused by ideological differences, Karachi Street Games aims to bring youth to diverse community together through local street sports in their communities and originally empower youth to be more resilient and united to achieve goal of violence free, socially connected & economically advance Pakistan, we conducted street games festival to reduce distances between communities of highly religious/ethnic tensions. Games facilitation centers promote harmony between diverse group by engaging them in Game facilitation centers to reduce risk of violent action against each other on call of extremist groups.

## Area Development Station

### Our Facilities:

Monthly Movies

Capacity Building

Self Grooming

Career Counseling

Community Training

# AREA DEVELOPMENT STATIONS

Taqweem established 5 Area Development Stations across Karachi, ADS is a physical platform for partnership between privileged and underprivileged community to ensure equal learning and grooming opportunities.

We facilitate individuals who holds any talent and organization skill and information to teach/deliver it to a particular group.

ADS offers self grooming classes, career counseling, monthly movie, capacity building trainings to it members.

## Youth City

Youth city is a unique facility contains baithak, training hall, mini cinema, library, office setup (for entrepreneurs/startups) and computer corner -established to facilitate youngsters who don't or have less resources.

**Baithak;** have capacity of 40 people, young people across Karachi hold their meetings, sessions, theater practices, skill development courses and events in baithak for free but the cause must be related to personal or community development.

**Mini Cinema;** 50 to 60 community members gather on last Saturday of every month to inspire from our monthly motivational movie, this practice aims to promote healthy relations among diverse community, strengthen resilience and inspire them to take collaborative actions of their problems community.

**Library;** for readers, hatred material that promote sectarian differences are easily available but libraries are rare. To reduce reading of that material, Taqweem established a library contains books science, civic, literature and psychology, we have 2300 registered members from 15 schools near to library. Taqweem also organized a book reading seating with general public.

**Training Hall;** Activities, speakers, entrepreneurs, trainers donate their time and Taqweem organized badges of young people to receive training in our training hall to enhance exposure and build capacity of young people.

**Office Setup;** Although Taqweem does not provide incubation but young startups who have business plans are arrange meeting with their clients and investors in our setup.

## YOUTH COUNCIL FOR PEACE

Tqweem has 320 youth councilors across Karachi, on this program we engaged vulnerable and potential youth in different activities to inspire them with life of social activist and our vision for violence free, socially connected and economically advance Pakistan.

Once young people were connected, we built their capacity in campaign designing, enhanced their leadership and personal skills, empowered them with skills of countering violence extremism and delivered essential knowledge. These young people then designed social action projects for their community and served as youth concilor to mobilize their community to take part in peace process.
