

## Nursing Aid Program

Taqweem e Pakistan initiated a 1 year-long program with the collaboration of CNH Industrial Services SRL of nursing aid for the youth from the most deserving segment. This program is designed to shape the skills of 20 candidates to provide brief learning of medical sciences through a number of classes and practicals in a well-known institute of medical science. The aim of this program is to empower the youth and appointed them to the medical sector.

We need more funds to register them in Nursing Council of Pakistan for 1 year advance program of nursing. So will they will able to get 14 grade job in health sector.

## Women Empowerment Program

With the aim to empower women Taqweem successfully provided 6 six-month stitching & fashion designing course to widows, divorced, and deserving women. Now, they all are self-employed and earning good profits from these skills.

Taqweem needs your support to start more batches of women stitching and fashion designing course
